Dear Mr. Kidwell:

This is in reference to your DD Form 149 (Application for Correction of Military Record under the Provisions of Title 10, U.S. Code, Section 1552), dated July 13, 2021, requesting, in effect, that your undesirable discharge be upgraded.

Your military records were requested from the National Archives and Records Administration (NARA). This agency (NARA) notified us that your records are unavailable. The Army Board for Correction of Military Records (ABCMR) cannot make a fair, impartial, and equitable determination of facts without your official records.

Therefore, based on the unavailability of supporting documents, the ABCMR has closed your case without further action. Since your records are unavailable we request that you wait at least 90 days before submitting a new application to the ABCMR for consideration.

In view of the foregoing, your application is returned without action and without prejudice. Thank you for your service to the Army and our Nation.

Sincerely,

Andree Smith  
Deputy Director  
Case Management Division
